& DIGITAL TRANSFORMATION

# 70 Years Anniversary of The Institute of National Economy

The Institute of National Economy is the oldest public research institution in the economic field in Romania, founded in 1953, within the Romanian Academy. Since 1990, it is also part of the economic research network of the "Costin C. Kirițescu" National Institute of Economic Research.

The mission of the Institute of National Economy is to carry out fundamental and applied research in the field of national economy within the Scientific Research Programs of the Romanian Academy, in accordance with other national and international RDI programs, in order to promote the sustainable development of Romania.

For excellency in economic research, in 2004, Institute of National Economy was awarded by the Romanian Presidency Administration with the "Commander of the Cultural Merit Order" - for scientific research.
